

# *Jobs for America's Graduates-Kansas*

*Student of the Month*

*November 2014*

*Staci Terrell*

*Staci Terrell was chosen as the November Student of the Month for Jobs for America's Graduates-Kansas. Staci has shown great determination in her efforts to be a leader and helps keep her classmates involved in class projects. Staci is determined to succeed in her future endeavors and plans to start earlier than most as she is graduating at semester. Staci has spent many hours this semester finishing up projects and assignments she must complete in order to graduate early. Staci is overcoming some of life's challenges by taking responsibility for her part of these challenges and learning from her mistakes. Staci works numerous hours at the Parsons McDonalds and she takes pride in her work skills and her dependability. When Staci sets her mind to something, she successfully completes it and usually goes above and beyond. She is a well-rounded student and will succeed at anything she tries. I am proud to say, Staci is the November JAG-K Student of the Month.*
